

## Logo

The logo can be applied in multiple combinations of the palette colors.

All text used with rF2 logo must use Ubuntu bold italic font and one of the color from the palette below.

## Palette

Three colors, each in two tints

#FF3000	#FF9900	#00C3F0
#D41500	#E06119	#3E6BAD

Preferred set  
Two colors, lighter color on top

Secondary set  
Two tones, lighter tone on top

Black and white background

Black and transparent

White and transparent

### Avoid

unbalanced combinations

Do not use stronger color on top, it will make the logo top-heavy

Do not combine colors with too little contrast, like red and dark orange

Do not use light colors in combination with dark colors, which gives too much contrast
